

# Severe Weather Workshop

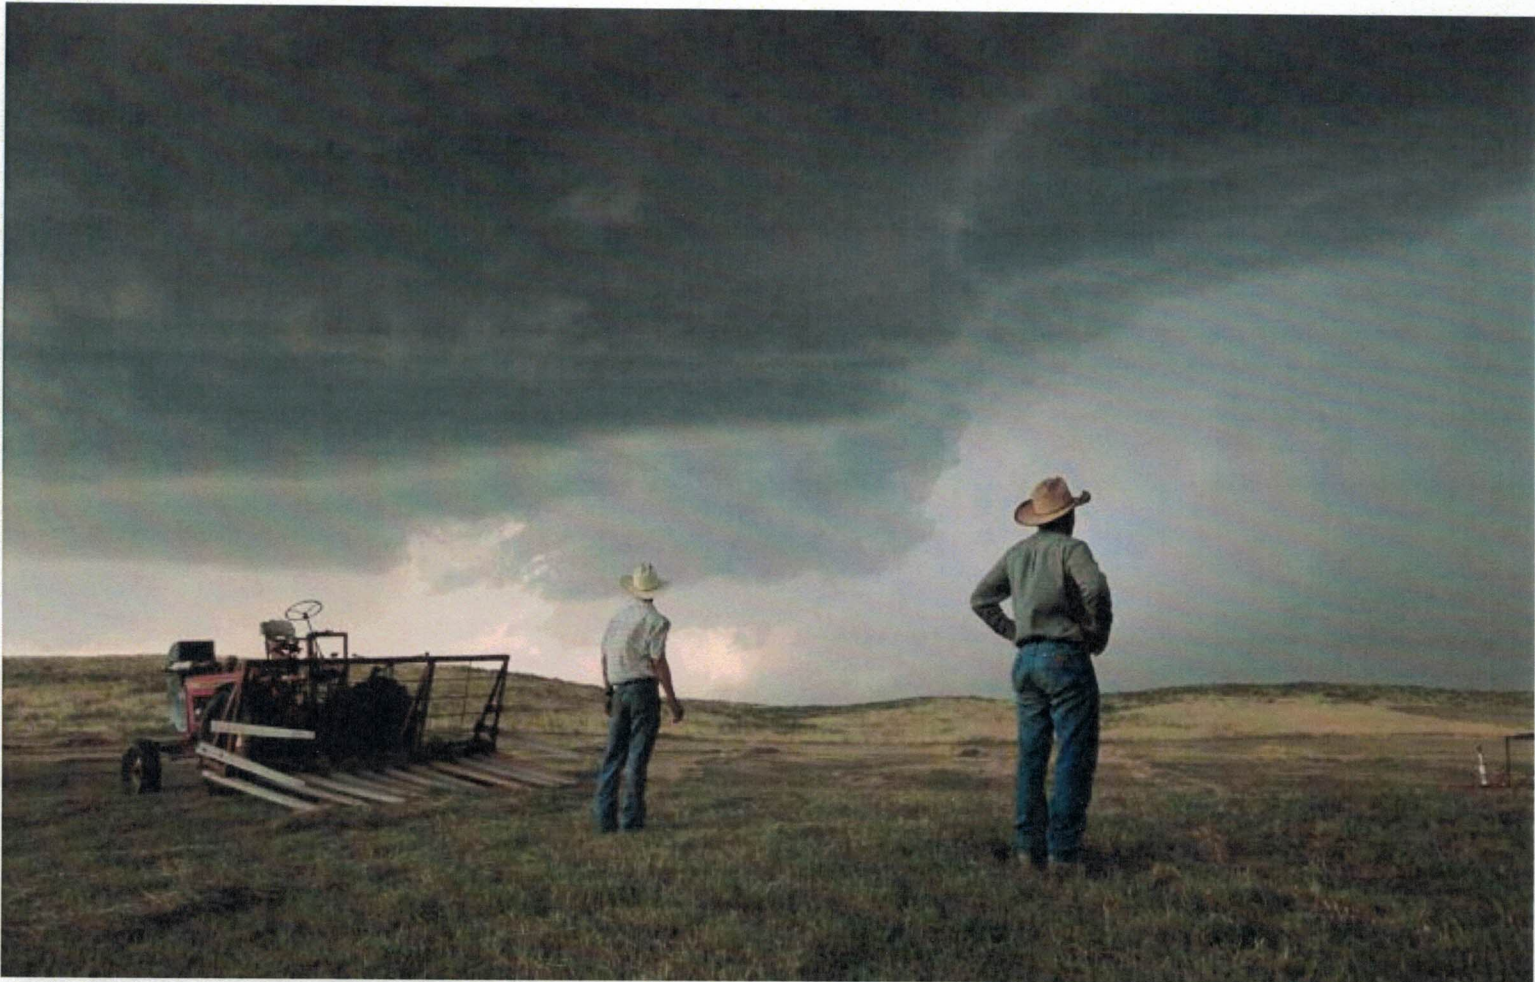

Saturday, March 24, 2018 9:00 a.m. to 4 p.m.  
Registration begins at 8:30 a.m.

*There is **no cost** to attend and lunch will be provided.*

Come hear experts who are outstanding in their fields discuss:

- Basic storm spotter training by the National Weather Service
- What if the Greensburg, KS tornado struck a more populated area?
- Storm chasing and the Oak Grove Tornado of 2017
- How does information flow from the field to the weather forecasters?
- And much more!
